TIME PERIODS FOR FILING A REPLY TO THIS NOTICE:

1. Applicant is given **no new time period** if the non-compliant amendment is an after-final amendment or an amendment filed after allowance. If applicant wishes to resubmit the non-compliant after-final amendment with corrections, the **entire corrected amendment** must be resubmitted.
2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action. Continuation of 4(e) Other: The Examiner notes that the current status identifiers for non cancelled claims are "currently amended" though all such claims do not appear to be amended, or do not indicate where the amended items are. It is unclear if such claims are to be amended, were amended, or if the status identifiers are incorrect.

Other: The Examiner also notes that the Applicant must also discuss the references applied against the claims, explaining : how the claims avoid the references or distinguish from them, based on the new amendments. The Examiner notes that the current response to the Examiners action does not discuss the newly addition limitations of the claims, with reference to what is taught in the prior art reference, but instead discusses general teachings of the prior art and general teachings of the curent application, without specific reference to the claim limitations.
